

Bottle Sampler

Takes Samples Straight into the bottle

Volume 60ml to 500ml

The Bottle Sampler takes samples straight into the bottle. The spring loaded mechanism means that liquid only flows in when the handle is squeezed allowing samples to be taken from set locations.

- Low to medium viscosity liquids.
- Single Point liquid sampling
- Sampler body - 316L stainless steel, Bottle - HDPE, Lid - PP

The Bottle Sampler is ideal for taking quick samples directly into the bottle.

After sampling the bottle can be unscrewed from the sampler.
