The Disposable Pod sampler is the next generation in sampling technology. It combines a single use, disposable Pod with a reusable stainless steel sample thief.

The sampler is designed to minimize sampling error, which can occur when a sample is transferred from one container to another. With the Disposable Pod Sampler, the sample remains in the pod until it is needed in the laboratory.

Ideal for sampling free-flowing powders and granules.

Disposable Pod Sampler

Minimise Sampling Error

Volume 1ml to 5ml per pod

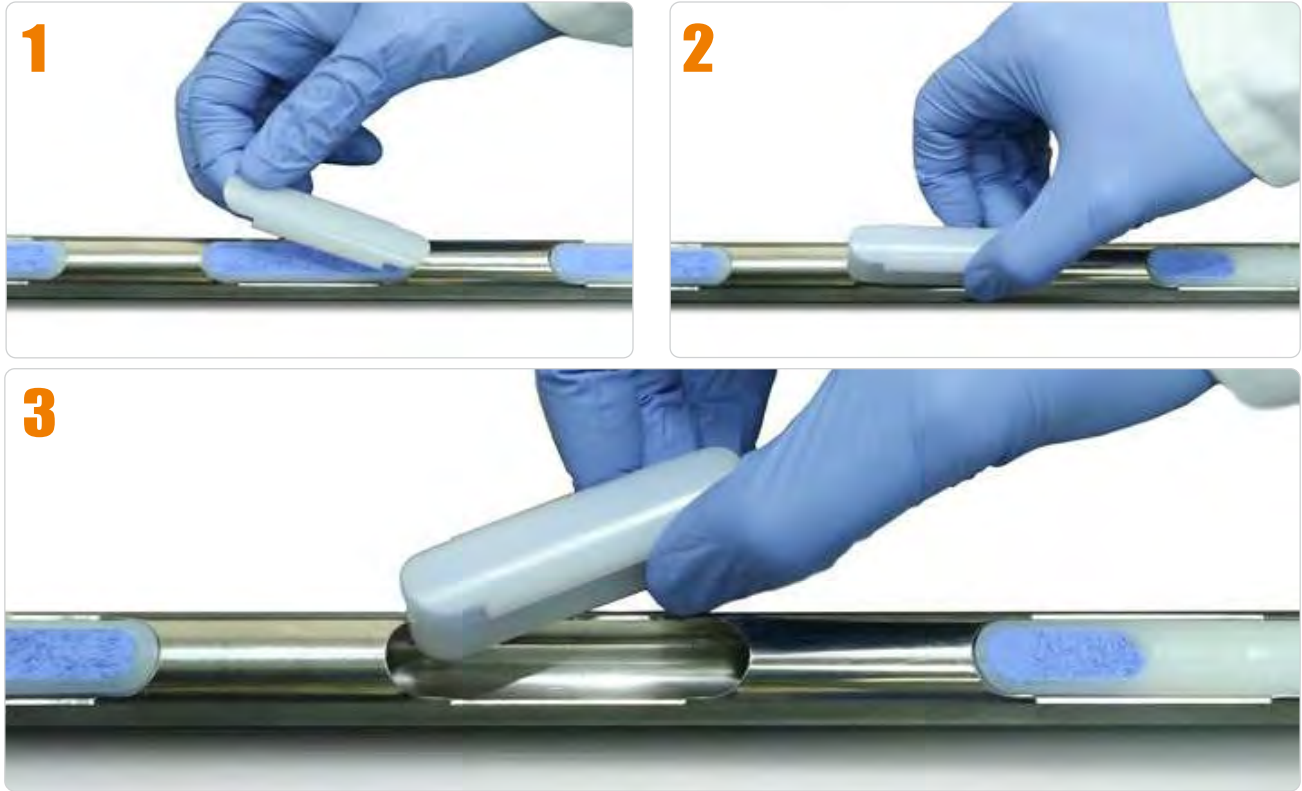

Powders Multi Level Sampling

- Insert the Pods into the sample thief
- Take sample
- After sampling click the lids onto the Pods
- Take the Pods to the laboratory
- Slide off the lid to access the sample

It's as easy as **1, 2, 3**

Powders Multi Level Sampling

Pods

- Made from FDA, EU and EC compliant HDPE
- Initially available in 1ml and 5ml sizes. Other sizes to follow - please contact us for details
- Supplied with lid
- Individually bagged
- Made in a Class 8 (class 100,000) Cleanroom
- Available pre sterilised (gamma irradiation)

Part No.	Nominal Volume	Sterile	Material	Quantity per Box
675 8360T10	1ml	No	HDPE	50
675 8360T10S	1ml	Yes	HDPE	50
675 8360T50	5ml	No	HDPE	50
675 8360T50S	5ml	Yes	HDPE	50

Disposable Pod Sample Thief

- Made from 316L stainless steel
- Available in a range of different lengths
- Available from stock
- 25mm diameter
- Standard samplers have 1 or 3 sampling ports
- Samplers with a bespoke number of ports available on request

Single Port

Part No.	Nominal Sampler Length	Number of Sampling Ports
675 1360A301	300mm	1
675 1360A601	600mm	1
675 1360A1001	1000mm	1
675 1360A1501	1500mm	1
675 1360A2001	2000mm	1

Triple Port

Part No.	Nominal Sampler Length	Number of Sampling Ports
675 1360A303	300mm	3
675 1360A603	600mm	3
675 1360A1003	1000mm	3
675 1360A1503	1500mm	3
675 1360A2003	2000mm	3
